The best cryptic crossword aid goes mobile!By OzJonoFor anyone starting out or developing their skills in the world of cryptic crosswords Anne Bradford's work has always been an essential source. Easy to use, the kindle version now takes Ms Bradford into the world of mobile devices. I'd prefer that it had been developed as an app rather than a Kindle book but it still does a great job. At home, I mostly turn to

the paper book but on the move this does the job.0 of 0 people found the following review helpful. BRADFORD'S CROSSWORD SOLVER'S DICTIONARYBy Terry W. TrotterI ordered this because of some stellar reviews. I was very greatly disappointed. It is of little help, frustrating, and a total waste of money. Don't even accept one for FREE!!!If you look up a word, the clues are listed in alphabetic order, regardless of length of the word (and the number of letters is not given - you must count them mentally. Most of the responses given (once you locate words of the right length - don't really help even to get a general idea of some answers.Get a Roget's Thesarus, it's much more helpful!! (If I could, I would give it 0 stars.)0 of 0 people found the following review helpful. Crossword DictionaryBy HarryI have an early wdition of this book and have used it so much it is literally falling to pieces. I was unable to obtain a copy in Australia. The copy I received from is excellent, better bound and appropriately updated. I am delighted with the product, price and the service. It was delivered 3 weeks ahead of schedule. 5 Stars!
