Jim McIntosh : Color The Past: Fashion (Volume 1) before purchasing it in order to gage whether or not it would be worth my time, and all praised Color The Past: Fashion (Volume 1):

0 of 0 people found the following review helpful. Five StarsBy music ladylove the pictures fun to color or paint

Adding color to black and white photos has been around almost as long as photography itself. Today coloring pictures has become a hobby that has brought calmness of mind to millions. The book features 25 stunning single-sided vintage photographs that show what fashion was like from the 1880's to the 1960's. The greyscale images found in this book are designed to bring enjoyment to you, the colorist, as you add life to the image through color. You have the freedom to add whatever color you would like to bring these vintage fashions to life.
