Rosemary Wadey : Cooking for Christmas (Creative cuisine) before purchasing it in order to gage whether or not it would be worth my time, and all praised Cooking for Christmas (Creative cuisine):

0 of 0 people found the following review helpful. Nice book with festive recipesBy FranciscaThis a very old-fashioned book but it does have what seem like good recipes. It also has expensive recipes, which I probably won't try out because I don't buy pheasants in order to try recipes but I will try many others. Some are quite basic though but there are still enough recipes left which I will try out. There are several chapters. An introduction with all kinds of handy tips of how best to manage the culinary feasts around Christmas without getting overly stressed out, A chapter about all you can cook ahead, Then The Twelve Days of Christmas with menus for Christmas Eve, Christmas Day, Boxing Day, New Years Even Alternative Christmas. Cakes. Christmas Abroad (where they made a mistake because Filhs is a Portuguese speciality, not Spanish and moreover Christmas in Spanish is Navidad, not Natal) with foreign recipes and an Index at the end. This a book that you will probably only find in car boot sales or charity shops, like I did so it will be cheap and therefore worth buying!
