From Ryland Peters Small : Craft Notes before purchasing it in order to gage whether or not it would be worth my time, and all praised Craft Notes:

With a full page devoted to every project that you make, and space for a photo of the finished item, you will never again forget which yarn you used for a particular scarf or who you made that bobble hat for. There are blank pages at the back to jot down all of your notes and ideas, and graph paper pages to sketch when you're inspired or to plot out patterns and motifs. In the Inspiration and Ideas chapter, there are pages to create mood-boards of projects that you want to try, as well as a useful section of abbreviations for knitting and crochet. A handy resource for every maker,

Craft Notes will become an invaluable aide for keeping track of your crafting projects and ideas.

About the Author Ryland Peters Small and CICO Books produce outstandingly beautiful books on homes gardens, crafts, food drink, health well-being, weddings, and mother baby, plus a vibrant gift and stationery list.
