Studio Visual Steps : Creating a Photo Book for Seniors (Computer Books for Seniors series) before purchasing it in order to gage whether or not it would be worth my time, and all praised Creating a Photo Book for Seniors (Computer Books for Seniors series):

4 of 4 people found the following review helpful. Creating a Photo Book for SeniorsBy Patricia WrightAs with the several Visual Steps publications I have purchased, they never fail to inspire and excite me. This particular edition shows me how to do things I would not have imagined before.0 of 0 people found the following review helpful. The book was easy to follow however it required a mixbook program inorder ...By W. MoeThe book was easy to follow however it required a mixbook program inorder to function. I found mixbook to be difficult to follow.4 of 5 people found the following review helpful. Will use it to make a book for my grandsonBy Sharon HancockI am planning on making a photo book that covers 2013 in my grandson's life to give as a Christmas gift next year. Ihaven't started, but

the book appears to be very user friendly.

From travelogues and wedding albums to baby books and graduation scrapbooks, the projects that can be created with the help of this simple guide are easy to make and store important memories forever. Importing photos from a digital camera, memory card, or scanner onto a computer is only the first step in the process of organizing a photo book. Once the pictures are ready, this book shows how to use free online software to plot a story with the pictures, add text captions, choose the perfect binding, and print on high-quality paper, resulting in a professional-looking creation. Suitable for Windows 7, Vista, and XP, this digital-scrapbooking manual helps seniors tell their own unique stories.
