David Black : Creative Blacksmithing Best Guide For Beginners. 18 Tips To Learn Metal Art: (Blacksmith, How To Blacksmith, How To Blacksmithing, Metal Work, Knife ... Blacksmithing, DIY Blacksmith, Forging) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Creative Blacksmithing Best Guide For Beginners. 18 Tips To Learn Metal Art: (Blacksmith, How To Blacksmith, How To Blacksmithing, Metal Work, Knife ... Blacksmithing, DIY Blacksmith, Forging):

1 of 1 people found the following review helpful. Even if this is free, it still costs you time. I don't recommend. By Chris Petry Can't recommend this. I may be wrong, but I don't believe that English is the author's first language. There were a lot of mistakes in the first few pages, which is all the further I got. Forging is not the practice of melting metal and reforming it, forging is heating metal and reforming it. Smelting is melting metal and casting it into a different shape. There may be value buried deeper, but I didn't look for it. 1 of 1 people found the following review helpful. This is bar far the worst "how to" book on blacksmithing. By blacksmithdog I think the previous review was over generous. This is bar far the worst "how to" book on blacksmithing. Don't waste your money.

Getting Your FREE Bonus Download this book, read it to the end and see "BONUS: Your FREE Gift" chapter after the conclusion.
