Some nice examples of what is offered- just not what I wanted.2 of 2 people found the following review helpful. Fresh New!By CristiI too pre-ordered this book. The book is pure eye candy for wire and fabric enthusiasts like myself. Jennifer provides us with NEW and EXCITING ways to pair not only wire and fabric, but other mediums as well. After the first few pages my mind was already alive with ideas and inspiration! That's what I look for in a well written book. This book is genuine, comes from the heart and is a welcomed addition to my art library.0 of 0 people found the following review helpful.
