Jan Tucker : Creative Doll Makeovers: A Step-by-Step Guide before purchasing it in order to gage whether or not it would be worth my time, and all praised Creative Doll Makeovers: A Step-by-Step Guide:

1 of 1 people found the following review helpful. doll makeoversBy Dynise C. DayArrived, pictures are clear, this was a gift and the receiver is enjoying it.1 of 1 people found the following review helpful. Looks like a great book.By Deborah PriceI haven't actually made a re-born doll yet. I did, however, read through the entire book. It introduced me to totally different techniques than I had seen elsewhere. I went out and was able to find most, but not all, supplies referenced in the book. I purchased what I thought to be comparable items. We'll see how this works out. This book is quite detailed in it's instructions. I do not believe it would be hard to follow. Very complete.0 of 0 people found the following review helpful. Better look up some online tutorials and images for ideas and inspiration. Not worth ordering.By JustanotherbuyerIf you're planning to make your own doll, better look for online tutorials for ideas and execution. I bought this, knowing from reviews, that it's not too helpful, but after flipping through the book - the dolls

really don't compare to anything you can see online, the completed dolls still look like department store dolls, not realistic at all. Wanted to like this book, but not worth ordering even with this low price.

The creative process begins with that most ordinary of items: a vinyl play doll, available anywhere. But when its made over with a touch of color and other embellishments, it becomes a realistic-looking display piece a work of art that often resembles a real baby and may even remind the creator of her own child, niece, nephew, or grandchild. The craft has become a hot new thing, and here's the secret of designing these reborn dolls. It covers all the steps, from preparing the base doll to coloring, from adding eyes and hair to producing various types of cloth bodies and accessories from the included patterns. Inspiration comes from the numerous examples of finished dolls, created by both the author and other artists.
