Kanduth definitely knows how to frame, knows how to explain and comes up with great ideas. I enjoyed reading the book for the creativity. May not have the skills needed to do the projects, but was able to prod my willing husband into action and some of our own photos now have new frames and are displayed on our walls. That makes this a successful book in my opinion.

Picture frames can be attractive and decorative features in the home, and learning to make them is a satisfying and rewarding craft. This book shows you all you need to know to make and embellish the perfect frame that will suit your home and choice of picture.

About the Author Rian Kanduth is an experienced and creative frame-maker and gilder. Following a City and Guilds course in conservation and restoration at the London Art School, Rian now works as a conservator and decorative artist. For this edition Rian has brought together an exciting collection of frames from talented craftspeople around the United Kingdom.
