Darra Williamson, Christine Porter : Cuddle Me Quick: 11 Baby-Quilt Designs before purchasing it in order to gauge whether or not it would be worth my time, and all praised Cuddle Me Quick: 11 Baby-Quilt Designs:

2 of 2 people found the following review helpful. It was relatively easy and turned out fabulous By Bonnie K. Johnson I bought this book for the alphabet quilt shown on the cover. It was relatively easy and turned out fabulous. I used bright colors and instead of the numbers in the corners, I used my embroidery machine to sew zoo animals reading books. A photo is attached. There are some other cute designs as well but this was my favorite. I think you are sure to find something in this book that you will like. 1 of 1 people found the following review helpful. Quick and Easy By lynnbb Quick and Easy to follow INSTRUCTIONS. Cute patterns. Any of these quilts will be a big hit and a family heirloom. However, you should have the basic sewing skills and most of the patterns do require lots of machine-applique patience. Using a backing for each block will help them hold-up better. 1 of 1 people found the following

review helpful. Cuddle Me Quick Baby Quilt By Tiny Bubbles I haven't tried the quilts out of this book as of yet but plan to make some of them as soon as I complete the quilts I already have in the works. I really love these little quilts. I think it is planned very well and I recommend it to others that are looking for a book of baby quilts.

Make a huggable quilt for a special wee one! Quilting experts Christine Porter and Darra Williamson present 11 eye-catching baby-quilt patterns in a variety of oh-so-adorable styles. Choose from a mix of traditional pieced quilts and whimsical applique designs; full-sized patterns are included. Find lots of tips throughout and an assortment of projects for both boys and girls. Enjoy inspiring quilt patterns that include detailed quilting suggestions (with photo) for each quilt.

Cuddle Me Quick: 11 Baby-Quilt Designs, by Christine Porter Darra Williamson is a "must have" book for anyone cooking for eye-catching quilt designs perfect for baby gifts, as well as toddlers and small children. Many of the designs are also easily adaptable to a variety of other projects too, so don't overlook this book thinking it is limiting to making children's quilts...many more possibilities! --SewCalGal Quilting experts Christine Porter and Darra Williamson present 11 eye-catching baby quilt patterns in a varied spectrum of styles and colors for your inspiration and enjoyment. The cover quilt 'Alphabet Soup' is bursting with colour and gives the first opportunity for learning interaction both in letters and colours. With the mix of traditional-style quilts and whimsical applique designs, there is sure to be one project to suit your style, whether the quilt is for a boy or a girl. Full-sized patterns are included as well as lots of helpful tips throughout the book. To help you finish the quilt in style, there are quilting patterns to choose from with detailed quilting suggestions and supporting photographs for each quilt. --Fabrications Quilting For You, December 2012/January 2013 This book of 11 designs for baby and toddler quilts will be a useful resource for those who find themselves surrounded by young mums, grandchildren, nieces and nephews. It's a good 'go to' book when you want a range of options but you aren't necessarily planning to invest hundreds of hours to create a family heirloom. Most of the projects are quite straightforward: some are patchwork and some combine patchwork with applique. None of them is, in our view, a design sensation or avant-garde: you'll find many motifs that are typical baby fare - such as the alphabet and numbers, and train designs shown on the front cover. That doesn't mean, however, that they're not appealing: we just loved the Rubber Duckies Quilt, for example. And if you hate instructions that read "quilt as desired", you'll be pleased to know that Christine and Dana provide quite detailed descriptions of how they quilted each project, and a close-up photograph so you can see how the quilting looks. --Homespun Christine and Darra share their many years of quilting experience to bring you 11 eye-catching baby quilt patterns in a variety of styles for both girls and boys. The book includes traditional pieced quilts and whimsical applique, all with full-size patterns and colorful photos that include detailed quilting suggestions for each quilt. --Fons Porter's Love of Quilting, November/December 2013 Christine and Darra share their many years of quilting experience to bring you 11 eye-catching baby quilt patterns in a variety of styles for both girls and boys. The book includes traditional pieced quilts and whimsical applique, all with full-size patterns and colorful photos that include detailed quilting suggestions for each quilt. --Fons Porter's Love of Quilting, November/December 2013 From the Inside Flap Find all you need to know to make a fun quilt for a special wee one. These two quilting experts present 11 adorable baby-quilt patterns in a variety of styles. A great value! About the Author Darra Williamson has been quilting and teaching for almost 30 years.
