**Crystal Jeffrey Rieger : Cut Loose: Break The Rules Of Scrapbooking** before purchasing it in order to gage whether or not it would be worth my time, and all praised Cut Loose: Break The Rules Of Scrapbooking:

6 of 6 people found the following review helpful. Break free of the "scrapbook police"By Scubar17So many other books I've read about scrapbooking show layouts that are so..."pristine" which is ok, but didn't fit most of what I do in my scrapbook pages (distress, ink, grunge, lots of negative space, etc). This book gives you permission (if you need it) to really think outside the box and not be afraid of the "scrapbook police" who seem to think everything should be neat and clean and in perfect order. Lots of great ideas for unusual layout topics like your favorite kitchen appliance; or using not so perfect pictures in your layouts; and throwing the rules of symmetry out the window. I come back to this book time and time again.0 of 0 people found the following review helpful. scrapbookBy DELILAH HARKINSI love to read and look at others view on different median to use, this was very helpful and I enjoyed it, I have it loaded on

my kindle to refer to when I'm stuck.0 of 0 people found the following review helpful. Not impressedBy golfladyI have a ton of scrapbook related books and use them all the time for ideas. This one really fell short. The pages were dull and uninspired and I would not waste money on this book when there are so many other good ones out there.

Take Your Scrapbooking Out of BoundsLife is full of rules, both written and unspokenand scrapbooking is no exception. Rules are great guidelines, but they can quickly become boundaries that stifle creativity. It's time to Cut Loose and break free from the confines of typical scrapbooking to breathe new life into your pages.With tons of great layouts that illustrate how to break 30 common scrapbooking "rules," Cut Loose is bound to spark a bit of rebel in you, and get you creating in fresh new ways. Layouts illustrating how to break rules like "only good photos should be used" and "patterned paper must match" will open your eyes to conventional rules you might not even realize you're following, then show you how to push yourself to create without limits.Dare to be different with:Creative challenges for breaking the rules in the bookStep-by-step instructions for fun techniques like making custom stamps, flocking letters, creating pompoms and embossing paperMakeovers showing the same layouts both following and breaking the rulesA gallery of over 120 cut loose scrapbook pagesLearn how to ignore the "shoulds" and really Cut Loose.
