Beyond the satisfaction of holding a real book in my hands (rather than reading a blog), this book is full of really good ideas that you can implement without a lot of fuss. I am especially drawn to the Warm + Cozy section inspired by florentine papers, chocolate and fine wine. The authors even include a playlist with music suggestions to fit the theme. The Sparkle and Shine chapter also grabbed my attention with tips on how to make a really special event for your gal pals, New Year's, or maybe a birthday bash with your besties.If you're looking for a beautiful book with lots of stylish party ideas, this one is for you!2 of 2 people found the following review helpful.
