He took the book with him to Mardi Gras World and has been enjoying designing floats ever since. Great book for a creative child!!!

A coloring book by Sean Gautreaux. Sean spent five years in the Mardi Gras industry in New Orleans, La. He designed and painted floats, created krewe favors and throws, and just recently designed the doubloon and cup for the Krewe of Okeanos. In 2010 he left the industry and began illustrating children's books. After illustrating 14 books for different authors, Sean decided to create his own book. Originally designed to be a Mardi Gras throw, this book can also be purchased year round for individuals, organizations and schools. The idea is to allow the child to fantasize about Mardi Gras and give them the opportunity to make their own parade. There is no other coloring book out there like this one.
