Good for novices and experienced hookers!By avid rital have some experience with rug hooking, and I only work on my own designs, so I was interested in the book. I'd seen a number of the author's rugs in shows and they always caught my eye as something special. The book is great for expanding my sometimes dull mind to consider different sorts of designs I've done in past, encourages me to be more inventive. Nice discussions of use of line and color.0 of 0 people found the following review helpful. Five StarsBy SUSAN HENNIGGreat book received quickly0 of 0 people found the following review helpful.
