Pepperell Company, Samantha Grenier : Design Originals-Parachute Cord Craft before purchasing it in order to gauge whether or not it would be worth my time, and all praised Design Originals-Parachute Cord Craft:

5 of 5 people found the following review helpful. is okay By USGEMGIRL This has pretty basic projects and is a good place to start. The para-cord shown doesn't seem too large, however the para-cord I used makes items like bracelets way too thick. Even the guys I know think they are too large and cumbersome. Use a smaller cording. Just my opinion! 9 of 9 people found the following review helpful. Fun filled book for kids and an intro into the Parachute cord crafts! By Daniel Walker Our kids love making things out of parachute cord. this is a great book that is easy to use. We have a 9 and 10 year old and they are able to follow the instructions in this book. 4 of 4 people found the following

review helpful. Great new hobbyBy Sharon KorchnakI've been wanting to get started on this for some time, and this book is very detailed, colorfully illustrated, and gives step-by-step instructions on how to create some really cool projects.
