We do mother/daughter scrapbooking together, and we have used this book a lot. Very informational and gives you great ideas for your scrapbooking pages.0 of 0 people found the following review helpful. Wonderful scrapbooking ideas!By newbieYou will love this book! Then, be certain to run out and purchase their great selection of scrapbooking embellishments. My faves are K and Company and Anna Griffith. This book has a brief history of how the company came to be. A not surprising similarity between both designers is growing up in a family of artists. That shows in their products, layouts and creativity. I purchased this and an Anna Griffith book, think you will benefit from the photos in each book and products they sell.Both of my books (and several others) were ordered from .com. They were in great condition, arrived quickly and were a good value.Thank you
