**Erin Trimble : Designing With Texture: Over 150 Ways to Use Textures for Scrapbooking, Card Making, Gifts and More...** before purchasing it in order to gage whether or not it would be worth my time, and all praised Designing With Texture: Over 150 Ways to Use Textures for Scrapbooking, Card Making, Gifts and More...:

0 of 0 people found the following review helpful. delighting ways to create textureBy Albert Lowhimwell written, describing required material and the way to complete the project. The creative approach set my creative juice working.0 of 0 people found the following review helpful. StunningBy Lynn McCorryI've had this book for a few years now and still find myself referring back to it for inspiration. It's easy to follow and there are some really great ideas and tips in this beautiful book. I would have given it 5 stars but something I have found with all the "Designing

With" books is that the spines are not made very well. They loosen and pages start to hang out after a while. This is not a huge problem for me as I like my books etc to look worn and used but it could be a problem for some people. The books are not cheap (I paid \$39.99 in Australia) and for that price you would expect the spine to last a lot longer than it did. Still, I would recommend this book, especially if you can pick up a second hand copy. 5 of 5 people found the following review helpful. Texture designs that are actually do-able! By C. L. Huffman I have done several projects with this book. Its format is easy to read. Directions are clear enough to follow without being overdone. The book is very careful to list special products used, such as a specific adhesive, and any special tips if needed. The ideas are fabulous! I like it so well that have given this book several times as a gift.

Discover how the creative application of innovative materials and techniques not only affects the texture of the page but touches your heart and memory as well. Using fabrics, cardboard, metal, and even glass, you'll see how textures add richness and depth to scrapbook pages and paper crafting projects. Projects include photo cards, keepsake bags, and more.
