Practical and PleasingBy Book WomanDesigning With Vellum contains a wealth of information as well as visuals to help develop a personal syle and creativity. I loved it!

Vellum is a mainstay in the supply cache for scrap-booking and other paper-crafts projects, and this volume is the definitive guide to the proper care and handling of this versatile, see-through medium. Includes all manner of

techniques and treatments, plus fun projects, clever page layouts, and a potpourri of gift ideas.
