Great pattern book, almost an encyclopedia.By Lilly Kainz De NavaMany and beautiful needlepoint, latch hook and can be used even as loom patterns.It includes Blocks, Iranian Multiblock rug, patchwork Medallion,Caucasian Nineteenth Century,Gold and Red Bukhara, Moorish Design, Isfahan, Swasti, Bargello, Dragon, Giraffes.It's more than a book, it's and encyclopedia .1 of 1 people found the following review helpful. While this book is very "1970's" it's a classicBy Jane in MilwaukeeI'm not interested in the latch hook rug sections of this book but, like the genuine reviewer below, I like all the versatile patterns, more for blackwork designs than needlepoint. This book, being from the 1970's is almost completely in bw...but that's ok because that's appropriate for graphs. Dorothy Kaestner is a well-respected and prolific author who wrote these classics:Four Way BargelloNeedlepoint BargelloBargello AnticsAs you can see, she's an expert with bargello! Her books are very accessible and inspire you to make your own designs and color combinations. If you don't like to venture out like that, you'll make pleasing designs anyway. Good book. The negative reviewer is complaining about the quality of her own book and not about the contents. Please ignore her rating. It's not fair.
