The pages are glossy, the pictures are colorful, and the step-by-steps make it easy for even the most youngest novice crafter to follow. As, I was going thru the pages..I was thinking to myself that they should really come out with another book on holiday crafts. Then, to my surprise at the end, they did add a few projects for each holiday. This book was printed sometime ago. But, the

projects are timeless and you could always just take the idea, update it, and make it your own. I HIGHLY suggest this to anyone..you will NOT be disappointed!:)1 of 1 people found the following review helpful.
