Trinity Kellner : Divine Tie Dyes Made in Minutes: For Ages 8-80 before purchasing it in order to gauge whether or not it would be worth my time, and all praised Divine Tie Dyes Made in Minutes: For Ages 8-80:

5 of 5 people found the following review helpful. Possibly the worst item I have ever purchased through By R. Hyde Possibly the worst item I have ever purchased through !! Bought as a gift to go with a tie dye kit- so there was not time to return it. This book is more like a tiny booklet and the information contained within mediocre. This is NOT a TWELVE DOLLAR book! I saw that it was sold by , so for whatever reason I thought it would be a good book. Silly

me! Do not waste your money like I did!!, You should be ashamed to offer this complete rip-off!!2 of 2 people found the following review helpful. the author does beautiful tie dye workBy Colleen McClurgI agree with another reviewer, the author does beautiful tie dye work, but I expected better directions, and photos of the designmaking process, not sketches! I bought this book expecting to learn how to make mandalas, and I really didn't get much out of that page. He clearly loves his art, but doesn't have a clue on how to get his ideas across. This booklet could have used a good editor!3 of 3 people found the following review helpful. Not for a beginnerBy Pillow TalkWas hoping for a more in depth book.This is more a 'booklet.'If I hadn't some idea from watching a video on Tie Dyeing, I wouldbe at a complete loss.BUT having said that, all things happen for a reason, I love thepoems!Most sincerely,Kathryn.

For anyone interested in creating Dead-show quality tie dyes, Trinity's book is the hippest resource and how-to around. Learn from Trinity's 20 year experience as he shows you, step-by-step, how to create the coolest designs for tee shirts and tapestries - from simple spirals, to hearts, peace signs, and even complex mandalas!

About the AuthorBorn in Hawaii to two authentic "flower children", Trinity Toiyabe Kellner found early on that color in psychedelic patterns was his THING. He has spent much of his life following the Grateful Dead, listening to groovy music, sharing peace and love with his friends, and having a rompin' good time on our planet, Mother Earth.
