I'm a paper-piecing junkie especially love paper pieced buildings. I'll spend many happy hours looking turning these patterns into beautiful quilts wall hangings. Thanks, Nancy0 of 0 people found the following review helpful. Wonderful BookBy W. BookhultzI just received this book and I love it! The paper pieced patterns consist of primitive and folk art designs. The book is very well put together and the patterns are beautiful. This is going to be my favorite paper piecing book and I plan on using it for several projects. I highly recommend it.0 of 0 people found the following review helpful. Five StarsBy n.goatbrainExactly what I wanted.

Create a whimsical town to call your own with these fresh, fun designs as your building blocks! These mix-and-match house and building patterns include country cabins and quaint churches, plus a school, town hall, barn, and cozy cottage. A delightful medley of 16 step-by-step projects with easy paper-piecing. Each chapter features a different theme—Main Street, Prairieland, Mountain Folk, and Cabin Country. Create scenes in wall quilts, table runners, place mats and pillows.

From steeped churches to rustic log cabins, you can mix and match your streetscape. -- --New Zealand Quilter, April 2001 the comfort of home combined with the comfort of a quilt. These are not your typical buildings! -- --
Quiltersreview.com About the Author Cori Derksen and Myra Harder are the authors of four other popular That Patchwork Place books. Their designs have appeared in American Patchwork Quilting. Together they sell their patterns through their company, Moonshyne Collection.
