7 of 7 people found the following review helpful. Absolutely love this bookBy joel b.Absolutely love this book! I teach art and always trying to find ways for students to loosen up and enjoy their sketchbook. This book is brimming with ideas3 of 3 people found the following review helpful. this product is great it really makes you open up to the art ...By Customerthis product is great it really makes you open up to the art world and make you want to draw everywhere! i totally recommend this book for you or your child. makes you think creatively. this book is amazing really helps art students. makes you think more in general as well4 of 4 people found the following review helpful. it was a gift for a friend of mine and she is in love with itBy sofia gilIt's a lovely book, it was a gift for a friend of mine and she is in love with it.

A sketchbook is an essential tool for the growth of any aspiring artist, but its blank pages can be daunting to even the

most motivated. Obsessed with perfection, many wind up treating their sketchbooks more like portfolios than playgrounds. In *Drawing Is Magic*, author John Hendrix teaches aspiring and advanced artists to find their unique visual voices and become creative daredevils. Through his freeing, offbeat exercises, drawers learn a sophisticated philosophy of creative thinking in a way that is totally accessible and fun. Also by John Hendrix: *Miracle Man*
