Gillian Adams : Drawn to Fabulous Flowers: A creative greyscale colouring book for relaxation (Adult Colouring Book) (Volume 3) before purchasing it in order to gage whether or not it would be worth my time, and all praised Drawn to Fabulous Flowers: A creative greyscale colouring book for relaxation (Adult Colouring Book) (Volume 3):

0 of 0 people found the following review helpful. The pictures are easy to color and they bring comfort to my life ...By Candace MiddletonI am hooked on gray scale pictures. Simply put there are the most lovely flowers to color. The pictures are easy to color and they bring comfort to my life as I watch them come to life with splashes of color.

Discover your creativity, escape anxiety and find calmness through colouring. With 30 delightful greyscale images of English country garden flowers from the spring and summer, this book is perfect for flower lovers everywhere. The images have been digitally rendered into soft halftones from my photographs, and are single sided so you can cut out and keep your colouring. The book also includes small test images and scribble pages at the back of the book. Click on my Amazon author page to see page flip through videos of my colouring books
