Five StarsBy Kimberly H.Great beginner book!1 of 1 people found the following review helpful. So much fun for all ages!!!By Susan ChooI absolutely love this sketchbook! I received it as a gift. I'm not even a fashion person! The drawings are so creative and flowing. Instead of looking at a blank page and doodling, it's like mindful doodling. It sparked my own imagination. I have it on my coffee table with my colored pencils and doodle while I'm watching television. I think it's good for aspiring designers or creative people that want to zone out with an adult coloring book. Looking forward to the next one!

Enjoy the stimulating ideas and prompts for patterns, colors, details and design elements to help dreamers get motivated and get started.
