Sometimes flipping through older layouts can give me some inspiration. I like the way it lists what you need as well as showing the layout. I have newer supplies, but kept some of my older ones just because and they may come in handy with this book.1 of 1 people found the following review helpful. Five StarsBy Ron G.I love the quick and easy layouts.

Time is precious--that's why scrapbookers need ideas for beautiful layouts they can create in under an hour. Experts from *Creating Keepsakes* magazine share time-saving strategies to help scrapbookers create faster and better. This big book is packed with the layouts scrapbookers crave most: basic two-page layouts with multiphoto designs. Chapter 1, "Pages from the Pantry (Just the Basics)," provides incredible layouts that can be scaplifted (used to inspire new scrapbook designs) using basic supplies and photos.
