While the book itself is well written and the instructions are easy enough to follow. By Barbara Lyn In reading this book, I learned I am not a modern type quilt maker. While the book itself is well written and the instructions are easy enough to follow, I just don't like the quilts. If you have more modern tastes, then this will be the perfect book for you. There also is not a section on sewing tips or any how-tos. With nine patterns, there are a variety of designs to make. Each has a color photo and gives the finished quilt size. Materials needed and the cutting list are next, followed by written instructions with graphics. If templates are needed, they are provided at full size. Like most quilting books, there are no specific instructions on how to quilt it. The authors leave it up to your own creativity. A short four paragraph bio section completes this book. 0 of 0 people found the following review helpful. Love the

bookBy Ruby L ClarkI love this book I bought at craft show from the actual author. I have now made my first quilt from the book and can't wait to make another

A bold mix of colors and fabrics highlights the unique appeal of each of nine (9) new bed quilts. Created by Melanie and Joanie and designed with Millennials in mind, the quilts are contemporary with an urban flair. The fresh, fun designs add a spark to any room. Larger fabric pieces and straight stitching make them easy-to-sew. Piecing and applique techniques. Color Options. Complete and accurate instructions and illustrations. 9 unique bed-quilt projects with young-appeal.

About the AuthorSisters Melanie Greseth and Joanie Holton (TailorMade by Design) learned the love of sewing from their mom Marilyn Johnson which gave them the opportunity to work together and weave their creativity and sewing passion into careers they love.
