This treasury of lovely original patterns, based on traditional stained glass motifs, contains a wealth of attractive floral and geometric artwork. Eloquent in their simplicity, the high-quality designs are framed by oval, rectangular, square,

round, and half-round borders. Easily adapted and highly versatile, these permission-free images offer abundant design possibilities for stained glass transoms, sidelight, and door inserts and also lend themselves to a variety of other craft projects.

"Beautiful sketches and patterns....very inspiring!"
