**Ed Sibbett Jr. : Easy-to-Make Stained Glass Lampshades with Full-Size Templates** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Easy-to-Make Stained Glass Lampshades with Full-Size Templates:

0 of 0 people found the following review helpful. Not helpful By D Mink I wish I had known that this was a book only of diagrams. No dimensions or resizing of the patterns. Not helpful to me. 16 of 16 people found the following review helpful. Easy to Make Stained Glass Lampshades By A Customer This book is excellent for people who are already experienced in working with stained glass. The directions are clear and easy to follow. The designs are lovely. There are templates that you can use that are full sized patterns. There are recommendations for color combinations. All in all a fine book for people with experience and the desire to create Tiffany like lamps. successfully.

reflects the quality of all of Mr. Sibbett's publications. I use the images in computer applications and the quality of his images are far superior to other books I have bought. I like the range of complexity one book will contain. My finished lamps are only a few inches in size, his designs translate well to this new application of his designs.

30 full-size patterns for lovely Art Nouveau and Art Deco-inspired lampshades for table lamps and chandeliers. Templates printed on heavy stock and color suggestions provided on inside covers. Instructions for assembling panels into shades also included.
