William Warmus : Emile Galle: Dreams into Glass before purchasing it in order to gage whether or not it would be worth my time, and all praised Emile Galle: Dreams into Glass:

1 of 1 people found the following review helpful. It made my aunt happy and that's good enough for me!!!By Jennie MontgomeryI haven't actually seen this book as I bought it as a gift for my 96 year old aunt. She has had a Galle lamp since the 1950's and didn't know much about it. I bought this book for her through and had it direct shipped to her for Christmas and she LOVES it! She has bragged about the beautiful pictures and all the wonderful things she has learned. It's made her happy and that's good enough praise for me!!!

Aspirations of the designer Emile Galle that produced some of the most beautiful art glass ever.
