With vintage charm and a contemporary twist, Trudy Beard's painted glass designs are sure to add sparkle to your life. Inspired by the simple designs and floral patterns of enameled glassware from centuries past, Trudy uses today's acrylic enamels to transform inexpensive glassware into more than 40 artistic accents for your home and patio. See how easy it is to paint plates, glasses, vases, votives, and more, following her step-by-step instructions and helpful worksheets. As Trudy can attest, once you start painting these dots, strokes, and simple patterns, you won't want to stop. Paint up some quick hostess gifts, a set of heirloom glasses for a special friend, or champagne flutes for the bride

and groom.
