**Jeanne Werge-Hartley : Enamelling on Precious Metals** before purchasing it in order to gage whether or not it would be worth my time, and all praised Enamelling on Precious Metals:

0 of 0 people found the following review helpful. Five StarsBy PatriciaEverything ok0 of 0 people found the following review helpful. Great book. I got it and read it cover ...By Cindy HeinemanGreat book. I got it and read it cover to cover.0 of 0 people found the following review helpful. Glorious!By Alpaca PicnicA splendid book, full of good instruction and inspiring photography. A survey of the British school of enameling and enamellists.

Now in paperback, a lavishly illustrated introduction to the beautiful, centuries-old art of enameling, from the inspiration of design to the intricacies of the process and the skills of firing
