This year we're at our son's home and his place is too small to accommodate everyone so we'll be in a hotel. How nice to easily be able to bring a tiny tree that is lightweight and packable to add a bit of Christmas cheer to a our room!1 of 1 people found the following review helpful. Cute, compact, and smartBy Linda H.Our tree came yesterday and I just love it. We were looking for something to take with us when we leave our house for Christmas this year and this is perfect! It all fits in a sturdy box which forms the stand for the tree. The little book that comes with has easy to follow instructions and with 24 ornaments we could even use this tree as an advent calendar. I look forward to sending this tree with each of our kids as they go to college for a little bit of Christmas in what I know will be their tiny living places. It's a heavier paper that will withstand a few years of gentle use and for the size it can't be beat. Take it apart, put it all back in it's little box and it would fit in a drawer. Plus, there's no watering or losing of needles. :) I love this. Whoever designed this is really smart!5 of 5 people found the following review helpful. Enchanted Christmas Tree in a BoxBy patricia robeckIt is the perfect gift for an elderly person, just the right size, easy to put together and gives the Christmas spirit without a lot of clutter. I gave it to my 92 yr. old Dad and he loved it. We both had fun putting it together too.

The complete spirit of Christmas in a neat little package!Enchanted Christmas Tree In-a-Box provides everything needed to create a beautiful, festive decoration in a snap. The precut pieces are easy to assemble, and the Holiday

Cheer book includes step-by-step instructions for creating a 15" tall tree. There are also delicious cookie recipes and classic Christmas stories.
