0 of 0 people found the following review helpful. Nice Encyclopedia, tons of info nice Reference book to have!By Kat

=^.=Hi, tons of information, nice large paperback, pictures, directions, how to, more. Happy with it. Nice reference. Read all the reviews, form your own opinion, this is an older book, but I like the older ones best seems! Anyway, have fun, this is a nice one! Enjoy! Leisure Arts, in my humble opinion, always offers up lovely books with nice detailed information in them, that can be utilized for many years.0 of 0 people found the following review helpful. Scrapbook of scrapbooking tools technique!By Amy CAAt first, I couldn't figure out why I liked this book so much more than my other "encyclopedia of scrapbooking" but then I figured it out! It's exactly as my review title states. This book is like a scrapbook of all the scrapbook tools techniques! The layout of the book and its pages are simple and crisp but so elegant! It is definitely set to my type of layouts and I am having a great time reading thru this book. As a note, I am a beginner scrapbooker so I find this to be a great book to read and shift through, however, other advanced scrapbookers might not find it so useful.1 of 1 people found the following review helpful. Better resources onlineBy Nikki DouglasI was hoping this would be an excellent reference book for scrapbook ideas but its mostly a compendium of easy techniques and not terribly inspiring layouts. Everything seems super dated like I got a book on scrapbooking from the nineties or something. It is by no means exhaustive either (not truly an encyclopedia) and I have found much better inspiration from Pinterest and online scrapbooking stores (two Peas in a Bucket and Scrapbook.com) and blogs. I liked the Creating Keepsakes magazine quite well but this book is not really what i was looking for. If you are looking for very run of the mill layouts and ideas it will be adequate.

Introducing the scrapbooker's new best friend. When it comes to making the most of your memories, take a page from the Creating Keepsakes experts. Beginners and more experienced scrapbookers alike will turn to this hefty new reference guide time and time again for helpful insights and daily inspiration on tools, techniques, layouts - plus all the can't-miss tips you'd expect from The Scrapbooking Authority. Features: * Comprehensive, must-have resource with step-by-step scrapbooking fundamentals, embellishing techniques, and beyond-basic sample pages * Hundreds of photos and how-to illustrations plus expert tricks and tips for enhancing creativity * Bonus primers on photography, journaling, using computers, and productivity boosters * Creating Keepsakes devotees are fueling the \$2.55 billion scrapbooking boom, demanding numerous reprints of the CK Treasury of Favorites series by Leisure Arts.
