Paul N. Hasluck : Engraving Metals before purchasing it in order to gage whether or not it would be worth my time, and all praised Engraving Metals:

This useful book contains a wealth of information on the engraving of metals, and will prove to be a valuable addition to the bookshelf of anyone with an interest in the subject. Preface: 'This Handbook contains, in a form convenient for

everyday use, a comprehensive digest of the information on Engraving Metals by incision and corrosion scattered over nearly twenty thousand columns - one of the weekly journals it is my fortune to edit - and supplies concise instruction on the general principles of the subjects of which it treats...'
