Perfect for a beginner sewing and costume designer By Stefanie G. This is a great book for a beginner who is new to sewing and wants to design as well as sew/construct a costume. The projects are designed to be made with simple body measurements. These are not complicated patterns or construction methods that would require extensive knowledge and skills. It covers everything from wig care to boot covers, capes, gloves, wings and working with foam. A great all in one guide for making costume pieces.
