I like what Ms. Kahle does. She's a self-taught floral designer, which is what I'm trying to be. The book starts out warm and eloquent. The steps and guidance is indispensable. Once I follow the basics provided, I start to create.Thank you Ms. Kahle0 of 0 people found the following review helpful. Beautiful pictures and great ideas.By Kristen TaylorI just started working with silk flowers as a new hobby. I really do like it, so far. This book isn't as detailed as far as techniques and working with different colors/types of flowers, but it still holds a wealth of knowledge. Good for ideas, not the best for a beginner.0 of 0 people found the following review helpful. Fabulous silk flowersBy Judithvery well written - easy to follow directions.
