Offering more than 26 designs, this follow-up to the popular Faerie Lights presents even more crafty opportunities for creating enchanting faeries. Each design is accompanied by a pattern that can be exported for any craft that requires defined segments to indicate a change of color or texture. Accompanying verses and full-color examples provide inspiration for crafters who find creating their own designs a challenge. These designs are perfect for use with a range of crafts including quilting; appliqu; machine or hand embroidery; glass, silk, or china painting; and cardmaking or mosaicking.
