I won't go into all the details about how long it took me to get my calendar, and I was afraid when I finally got it that it would disappoint me. But it didn't! The photos are gorgeous, and the whimsy-loving, enchanting-seeking me fell in love instantly with each and every faerie house. I will probably keep this calendar forever because the photos take my breath away and inspire my imagination--totally fanciful and awe-inspiring! I can see wanting to recreate these images and others in my arty attempts--whether in the garden, or in my mosaic creations or in watercolor--you name it. Sheer delight and rainbow-bubble bliss!1 of 1 people found the following review helpful. Clever and creative!By CustomerI discovered this calendar last year at my favorite, independent bookstore. The artistry and photography bring tiny worlds to life. I've never had so many complements on a calendar. Everyone who saw it took down the calendar and looked at all of the pictures. I had to purchase several for gifts this year. It was a no-brainer.

The Faerie Houses wall calendar reveals a magical world of handcrafted fairy castles and cottages, fanciful fairy retreats and sanctuaries, and habitable hobbit hideaways. Celebrated environmental artist Sally J. Smith builds these

exquisite creations from materials found in the wild. Each house begins as a collection of bark, twigs, mosses, and stones and is finished with touches of fragile blossoms, ferns, and butterfly wings to add to their ethereal beauty. When complete, the houses are placed in a natural setting so perfectly suited that they seem surely to have been crafted by fairy hands. A year of fantastic fairy houses on your wall. Frameable artbook-quality printing. The perfect gift for the fantasy and nature lover. Exceptional photographs of magical fairy houses in forests and fields. Printed on FSC Certified Mixed Source Paper with soy-based inks. Published by Amber Lotus, an independent carbon-negative US company that has planted more than half a million trees since 2008. This calendar features US and Canadian legal holidays, phases of the moon, and important observances of the world's major religions. Children and adults alike will find inspiration and delight in this creative expression of land art.

About the Author Sally J. Smith was a professional watercolor artist and children's book illustrator for more than 20 years before turning her talents to environmental sculptures. Her faerie houses and Eartherals echo the beauty of a special place or moment in time. Smith creates a visual record of a piece at its completion, and whenever possible, after the sculpture is photographed, it is left where it was made for the nature spirits to enjoy. She lives in the Adirondacks, where resources for her magical creations abound.
