There are techniques that I am not familiar with, which is fine...I will manage. I just hope I don't make a total mess of it. I should say that I am a beginner. I am certain an experienced knitter wouldn't struggle with this beautiful book.0 of 0 people found the following review helpful. This book is amazing! "Basic but never boring, these styles are classic enough to stand the test of time yet have enough of a modern edge to guarantee a heavy rotation in your everyday wardrobe." --Knit Simple Magazine "Family-Friendly Knits is packed full of wonderful, giftable items to make. Plus some wonderful, comfy winter items." --Yarn Yenta "I recommend this book because it bills itself as 'seasonal knitted garments and accessories for children and adults.' In other words, it covers everybody... Spainhower has a particularly unique way of solving the problem of dreading knitting the second sock when you're making a pair...she knits one sock cuff down, then attaches some waste yarn at the toe, then knits the second sock toe up." --My Central Jersey's "In Stitches" column
