0 of 0 people found the following review helpful. and I love it!By T KlawAlready posted a review once but that's ok. I've been doing genealogy for over 30 years.....and I love it!!! This book has a good number of interesting layouts for the profiles. I will probably use many of them as I try to create a family book to share with the whole family.0 of 0 people found the following review helpful. GreatBy Carol WeaverLots of great ideas.3 of 3 people found the following review helpful. Creative not cutesy.By CustomerCreative ideas to scrapbook genealogy ! Not you cutesy variety of scrapbooking but more a family history on display. I am coodinating several ideas into my scrapbooks, how useful.

The definitive book for teaching scrapbookers to research and create one-of-a-kind family tree pages, this guide makes the sometimes daunting task approachable, accomplishable, and fun. Readers will discover: 50 family tree examples, providing inspiration in a multitude of styles; Genealogical research tips so that recapturing family history is do-able, even for those just getting started; Reproducible charts and patterns, allowing scrapbookers to personalize the pages for their own themes; Information on trusted family tree software for easy results; With a wide array of ideas and techniques, this guide makes it easy to create a historical record of family love and tradition.
