I was thrilled to be able to find more copies and to find them in great condition! Thanks seller!2 of 2 people found the following review helpful. but an excellent book neverthelessBy C. Mae DiffNot quite the value of the first edition, but an excellent book nevertheless. Some very good patterns. I have made the cover skirt a number of times to raves. Easy to understand instructions. Never had a problem with any of the patterns.2 of 2 people found the following review helpful. Fancywork and Fashion's Best Doll Clothes BookBy LCBrowningA lovely book by which to sew 18 inch dolls some fun play clothes. All dolls need clothes and most little girls love the idea of dressing and undressing their favorite

dolls. I bought this to sew for one of my own grown daughters American Girl dolls which in turn is now being given to her young daughter.
