Marcianne Miller : Fantastic Gel Candles: 35 Fun Creative Projects before purchasing it in order to gage whether or not it would be worth my time, and all praised Fantastic Gel Candles: 35 Fun Creative Projects:

0 of 1 people found the following review helpful. Fantastic is right!By LyGarol I love this book. There's so many pictures of different ideas and it goes step by step on how to make the candles. Awesome book0 of 2 people found the following review helpful. I didn't need this book.By Catherine QuigleyI like to keep the design of my candles in the candle. gluing anything to the outside or loose chunks of gel are not highly desired in our living rooms.0 of 0 people found the following review helpful. SAVE YOUR MONEY! Very few really new, creative ideas in this book.By Rather be at the BeachThis book was not that useful. Most of the basic techniques are here. I was disappointed that there were so few really new, creative ideas, Some of the candles looked like something a child made (and I don't mean to insult children). There are all of the usual safety tips, too. There are just too many BETTER books on making really fantastic gel candles out there!

As the author explains, four elements are key to success the gel, containers, embedded objects, the wick. Vintage

costume jewelry becomes the 3-D treasure in a wide candle. Rocks form the solid surface for a ready-to-light Zen garden. And geometric shapes tinted just the right colors emulate sushi forms--albeit with wicks. Naturally, all 35 projects feature materials, designer credits, step-by-step instructions, and great photographs. Booklist.

From Booklist Paraffin is passe, at least according to Miller, who has whipped up 35 concoctions of . . . gel? A specialized mineral oil, gel is much more malleable than wax, though it has many of the same good properties. As the author explains, four elements are key to success--the gel, containers, embedded objects, the wick. Vintage costume jewelry becomes the 3-D treasure in a wide candle. Rocks form the solid surface for a ready-to-light Zen garden. And geometric shapes tinted just the right colors emulate sushi forms--albeit with wicks. Naturally, all 35 projects feature materials, designer credits, step-by-step instructions, and great photographs. Barbara Jacobs Copyright American Library Association. All rights reserved From the Back Cover They're stunning, easy to create, affordable, and great to give away as gifts--it's no wonder gel candles have become such hot items! Show off their splendor in all kinds of glass containers, from lidded kitchen jars to vintage goblets to towering vases. Enhance clear gel with vibrant color, layer the gel, or add gel flowers and polka dots! Embed decorative objects in the gel to create striking three-dimensional effects and display your personal mementoes. You'll find the most popular as well as the most innovative techniques to help you quickly master the latest trend in candelmaking, and make striking projects that glow with your unique touch
