**Leisure Arts : Farm Animals** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Farm Animals:

The cow, chicken, and pig are really cute! The mouse is okay but the lamb is very weird looking. I am currently making the chicken. With the size F hook, as the directions say, the chicken is larger than I expected. I made the whole thing in one evening I suggest using beans to

weigh down the bottom of the animal and then the fiberfill. It made my chicken sit better. 1 of 1 people found the following review helpful. Super cute, easy patterns to follow By Erica D This is a beautiful, detailed pattern book for crocheting. The directions are clear and concise. I like that the individual elements for each pattern are clearly labeled, for example: the wing on the chicken. I am looking forward to making each of the five critters contained in this book. There are even skill levels indicated with each pattern. 1 of 1 people found the following review helpful. Five Stars By Angela McDaniel Love this book so much. I have already made many babies from this book. Nice job!!

75429 Farm Animals Country critters make cute collectibles or playtime pals. Crochet all 6 with medium weight yarn plus novelty accents. Designed by Jessica Boyer, the animals range in height from 4.5 to 9 inches tall, starting with the friendly mouse and progressing to the pig, chicken, sheep, cow and horse. Each design is for Easy+ skill level and is stuffed with polyester fiberfill. Safety eyes are used to make the toys suitable for infants and young children, or the eyes can be embroidered. Kids of all ages (or anyone who is a kid at heart) will love these animals!
