**Susan S. Terry : Fast, Fun Easy Christmas Stockings: Festive Fabric Projects to Stir Your Imagination** before purchasing it in order to gage whether or not it would be worth my time, and all praised Fast, Fun Easy Christmas Stockings: Festive Fabric Projects to Stir Your Imagination:

0 of 1 people found the following review helpful. Crafting book more than crochetingBy Debra CarlinoWanted a book to make stockings by crocheting or knitting. This book just showed you how to decorate a stocking.7 of 7 people found the following review helpful. The title doesn't lie!By Silicon Valley GirlThe projects in this book are in fact pretty fast, pretty easy, and really fun! This book had techniques (paper piecing) and materials (stabilizer, fusible interfacing) that I had never used or even heard of before. But by following the instructions (with just a bit of help from the nice people at my neighborhood quilting shop), I was able to create two really cool Christmas stockings, one

from the book and one that I designed myself, in three or four days. And I had so much fun making them that I bought more Christmas fabrics on sale and plan to make several more stockings while my kids are at camp this summer. I've never done any quilting before, and although I learned basic sewing as a kid, I'm no expert seamstress. So I was really thrilled that my projects were so successful. 0 of 0 people found the following review helpful. Fun Christmas Projects By Carol I have made many of the projects in this book and they all came out adorable. Some instructions are not as clear as I would like, but as an experienced sewer I managed to figure it out. Even used a few products I had never used before.

Celebrate the season with these fabulous gift ideas.
