Excellent addition to a weaving libraryBy JAMI bought this for my husband who uses a 48-inch four-harness loom. He loves the patterns in the book and has had great success with the two he has tried so far. There are a couple of patterns that he is unable to do because they require a loom with more harnesses, but everything else is perfect. This is a great addition to his small, but growing, weaving library.0 of 0 people found the following review helpful. Full of inspirationBy KathrynBeautiful book with lots of inspiration.

With its beautiful and clear illustrations, this guide to rug weaving is an inspiring journey into a world of dazzling

color and eye-catching design. From classic stripes to pattern-woven designs, detailed directions are provided for 45 rugs that represent a wide range of weaving techniques. Beginning with stripe and check weaves in simple tabby, the rugs progress in difficulty to intriguing challenges such as chenille, drall, diamond twill, rag inlay, repp, and rosepath weaves. Creative approaches to materials show how to cut strips from favorite old shirts, sheets, and jeans, and the emphasis throughout is on creative flair, imaginative design, and the pleasure of making a one-of-a-kind rug imbued with memories.
