Corinne Lapierre : Felt Christmas Decorations: 20 On-the-Go projects (50 Cents a Pattern) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Felt Christmas Decorations: 20 On-the-Go projects (50 Cents a Pattern):

Felt is a beautiful material to work with. Soft, natural and highly tactile, it is relatively cheap to buy, is widely available in a huge range of colors, and is very easy to work with. It has become a popular material for all sorts of consumer goods, including jewelry, toys and Christmas decorations. The twenty projects in this book include a range of decorations suitable for Christmas, including hanging tree decorations, a Christmas wreath, an advent calendar garland, free-standing felt ornaments, a Christmas cottage storage box and a bottle gift bag each design only costing fifty-cents. The designs have a fresh, contemporary look that will appeal to a young audience as well as more traditional crafters, and all the projects are suitable for beginners as well as more experienced sewers. The easy-to-make pieces use pre-bought felt (no wet felting or needle felting is involved) and include step-by-step instructions, lists of the materials and tools needed, and a beautiful photograph of the finished piece. Templates are provided where required, and the basic techniques and stitches required are included at the start of the book. These are perfect, simple little projects to make on-the-go.

About the Author Corinne Lapierre developed a passion for crafts and textiles from a very young age, and has always had an avid desire to learn about traditional techniques such as weaving, dyeing, silk painting and embroidery. She studied Fine Art in France before moving to the UK to study Fashion Design in Manchester. After working as a fashion designer for a few years, Corinne studied millinery, through which she discovered felt and its many qualities. In 2009 Corinne started her own craft business as a felt maker and quickly realized there was a demand for craft kits using good quality, natural materials. Her company, based in an old Baptist school in Leeds, UK, sells an expanding range of craft kits and patterns designed for adults and children. Corinne makes regular appearances on Create Craft TV and lives in Yorkshire with her partner, their three children and two cats.
