Kari Chapin, Kerri Wessel : Feltlicious: Needle-Felted Treats to Make Give before purchasing it in order to gauge whether or not it would be worth my time, and all praised Feltlicious: Needle-Felted Treats to Make Give:

4 of 4 people found the following review helpful. Colorful fun projects! By Piper Feltlicious has a nice variety of different needle felting projects all in the food theme. Some of my favorites include the Root Beer Float, Pumpkin Pie, Macaron and Pop Tart. Each project has beautiful photo of the finished item and step by step color photos to guide you in making your own. This keeps it easy to understand and beautiful to look at. I also liked that it goes into shading your pieces, something I haven't really seen included in other needle felting books. Depending on what you are working on, this can have a really cool effect. I like when diagrams for actual sizing are included. It's nice to check your work and make sure size wise you are on the right track, however this doesn't hinder my ability to follow the instructions and complete the projects. If you have never needle felted before, there is a section on the front of the book that goes over tools you will need and how it is done. If you are still not quite sure, try looking up needle felting tutorials on youtube. There are many good ones, I recommend Maqaroon and Flying Mio in particular. Sometimes actually watching someone do it will click everything into place. It is a fun, relaxing craft, don't give up! It's very rewarding. 4 of 4 people found the following review helpful. Amazing By Pam M. I've bought several wool felting

books for my sister who is amazing at felting animals, so I thought she might like to venture out and create some felt food fuzzies. I loved the whimsy and amazing detail of the pieces, and the instructions were well done. My sister loves it. 1 of 1 people found the following review helpful. If you can only buy one needle felting book...By J.S. One of the best craft books I have ever seen. Came in a timely manner, and was as described. This is probably the most useful basic needle felting book I have come across.

Bestselling author Kari Chapin (The Handmade Marketplace) and needle-felting artist Kerri Wessel concoct a delightful cookbook of more than 30 amazing felted foods. The menu features such fare as Good Morning breakfast dishes; Diner Delights; Farmer's Market fruits and vegetables; Sweet Tooth desserts; and Holiday Treats like heart-shaped lollipops for Valentine's Day. Also included: detailed instructions for turning these tasty-looking projects into snack-size jewelry, magnets, ornaments, hairclips, and paperweights.
