Carmela is busy with a special project to build a giant puppet for the Monsters and Mayhem parade at a space used by the Mardi Gras crews to build floats. She and Ava witness an argument between Brett Fowler, financier and float designer Jekyl Hardy. When Brett ends up murdered outside the building, gored by a horn of a bull's head, her friend comes under suspicion. However, the plot thickens when it turns out that Brett's financial schemes were shady, and quite a few people are out of a lot of cash. Carmela is frustrated with balancing her inquistiveness and her boyfriend's job as a police investigator, but goes forward regardless of the consequences to find the answers. Carmela and Ava end up in some perilous situations that at times seem a bit improbable. I didn't feel this was as compelling of a mystery, but as usual, the book contains interesting tips on scrapbooking, both in the text and at the end, as well as recipes.2 of 2 people found the following review helpful. Trills and Shrills Did Me InBy CustomerCharacters don't just say what they need to say, they trill...or they shrill...or squeal, etc. The book was so overwritten that I couldn't get past the first two chapters. Why didn't the publisher give this novel more vigorous editing?1 of 1 people found the following review helpful. Fiber and BrimstoneBy Cozy Mystery LoverJust finished this latest in the scrapbook shop mystery series set in New Orleans by Laura Childs, and enjoyed it

as I have all in this series. Never too serious, too gruesome, too unsettling. You know it will work out in the end. It's fun to try to figure out "who done it." There is humor and fun mixed in with solving the mystery. Appreciate the references to current events (i.e., Hurricane Katrina) and how the city is slowly rebounding from the destruction. It gives you hope. Connecting it with scrapbooking, with creative tips and ideas just adds to the appeal to one who is "into" that. Recipes at the back are another great addition. It's fun, it's escape, it's cozy. Am looking forward to her next book.
