Another Haddadin WinnerBy Pamela BrockwellI love all the books and Dvd's that I have got in the past off this very clever quilt maker, designer, quilter etc, it is full of great tips and you get to look at all her magic quilts again. If you are struggling for ideas for background fills this is a really handy book, probably not a necessity for experienced, confident longarmers but for those of use that are not too sure what to use as a background fill it really helps especially when you get to see the actual quilts that the fills were used on. Yep I will keep this one handy in my sewing room and flip through it for inspiration.0 of 0 people found the following review helpful. Did not like this bookBy Karen A. ParkerDid not like this book. Renae is an artist beyond compare, but I found this book rather lacking in it's design and what she actually offered for learning. Would not recommend, but as always, pictures were nice to see her beautiful work.0 of 0 people found the following review helpful. Right on!!!By QueenOPearlsA treasure trove on so many levels. Renae is a delightful human being, artist and quilter. Her book is forthright, friendly, professional, insightful and clearly illustrates her points via many photos. Most are visual learners so showing me what happens when you use a quilting effect in one way versus another is what turns on the light bulb over my head. ::: insert Gru saying "liiiggghhhttt buuuulllbbbbb" hereThere are ideas galore for filler designs and, for me, this opens the doors to many "what if I were to.... " possibilities.Add to the mix, quilters are some of the most generous souls I could ever wish to meet. The value in Renae's book is genuine and priceless.Thank you Renae. I do hope to take a class from you someday... and maybe get an Innova :)))

Award-winning and commercial longarm quilter Renae Haddadin shares her best visual information about filler quilting designs. Using more than 100 color photos in a combination of detailed close-up shots and long views, she shows you the effect a given design will have on your quilt's look. Choose from 45 individual design types in 7 categories: Simple basics, textural designs, natural texture, hatching/lines/curves, grid work, feathers and swirls and

combinations. OUT OF PRINT
